CSE445/598 Assignment 4 Testing Report Shihuan Shao 1203060451

Question 4.1 Verification

Input:

XML file URL: http://www.public.asu.edu/~sshao1/Books.xml (xml file without errors)

XMLS file URL: http://www.public.asu.edu/~sshao1/Books.xsd

Output:

No error

Capture:

Question 4.1: verification

Takes the URL of an XML file and the URL of the corresponding XMLS file as input, validates the XML file against the XMLS file. Returns "No Error" or an error message.

XML file URL:

http://www.public.asu.edu/~sshao1/Books.xml

XMLS file URL:

http://www.public.asu.edu/~sshao1/Books.xsd

test

Result:

No error

Input:

XML file URL: http://www.public.asu.edu/~sshao1/illBooks.xml (xml file missing ISBN element and Office attribute)

XMLS file URL: http://www.public.asu.edu/~sshao1/Books.xsd

Output:

Validation Error: The element 'Book' has incomplete content. List of possible elements expected: 'ISBN'.

Validation Error: The required attribute 'Office' is missing.

Capture:

Question 4.1: verification

Takes the URL of an XML file and the URL of the corresponding XMLS file as input, validates the XML file against the XMLS file. Returns "No Error" or an error message.

XML file URL:

http://www.public.asu.edu/~sshao1/illBooks.xml

XMLS file URL:

http://www.public.asu.edu/~sshao1/Books.xsd

test

Result:

Validation Error: {0}The element 'Book' has incomplete content. List of possible elements expected: 'ISBN'.

Validation Error: {0}The required attribute 'Office' is missing

Input:
WSDL file URL: http://venus.eas.asu.edu/WSRepository/Services/EncryptionWcf/Service.svc?wsdl
Output:
Encrypt
Decrypt
Capture:
Question 4.5: searchWsdl
Takes the URL of a wsdl file, reads the WSDL file as an xml file and returns the list of operation names in the wsdl file.
WSDL file URL:
http://venus.eas.asu.edu/WSRepository/Services/EncryptionWcf/Service.svc?wsdl
test
Result: Encrypt
Decrypt
Input:
Input: WSDL file URL: http://venus.eas.asu.edu/WSRepository/Services/Messenger/Service.svc?wsdl
WSDL file URL: http://venus.eas.asu.edu/WSRepository/Services/Messenger/Service.svc?wsdl
WSDL file URL: http://venus.eas.asu.edu/WSRepository/Services/Messenger/Service.svc?wsdl Output:
WSDL file URL: http://venus.eas.asu.edu/WSRepository/Services/Messenger/Service.svc?wsdl Output: SendMessage
WSDL file URL: http://venus.eas.asu.edu/WSRepository/Services/Messenger/Service.svc?wsdl Output: SendMessage ReceiveMessage Capture:
